FARM & LIVE STOCK
ALMANAC

PUBLISHED BY FLEMING BROS. UNION STOCK YARDS-CHICAGO-MFRS. FLEMING'S GUARANTEED VETERINARY REMEDIES.

Flemings POLICY

When Fleming Brothers started in business more than 30 years ago, we set our motto "satisfaction or money refunded" as the first principle in the conduct of our business. We feel that our great success is due to three things:

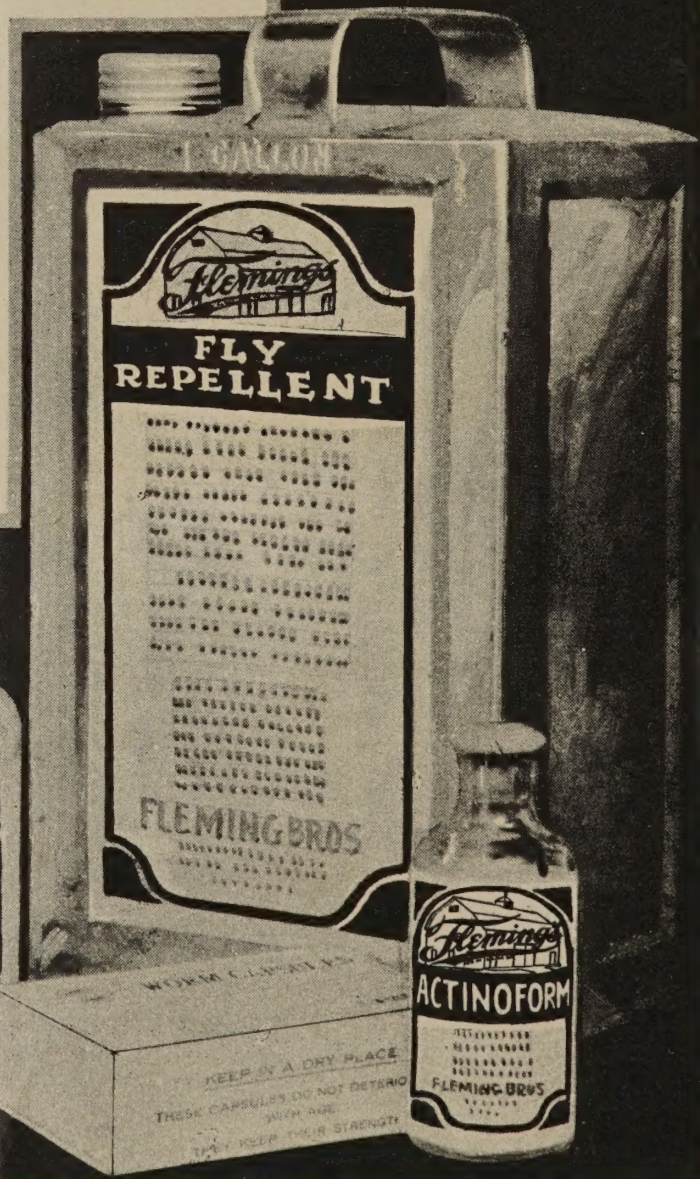

First — the unquestioned merit of our remedies.

Second — our absolute fair and square business methods.

Third — our desire to serve.

You can obtain Fleming's Remedies in drug and general stores throughout the country, or if your dealer is not supplied order direct from us. All orders are handled promptly, being shipped the day received—postage prepaid. Your order should be accompanied by proper remittance as we do not open accounts; money orders and bank drafts are best, but we will be glad to have your check, or send C. O. D.

Always remember that Fleming Brothers are ready and willing to serve you whenever possible. Our free Veterinary Advice Department is at your disposal at all times. With our help you can always keep your stock up to par.

FLEMING'S 1924 FARM AND LIVE STOCK ALMANAC

DEMAND FOR HORSES EXCEEDS SUPPLY

"Buyers who are constantly on the road purchasing animals in all the horse and mule producing states, unanimously declare that there is a great shortage of weanlings, foals, two-year-olds and three-year-olds, and especially of the animals which promise to develop into good marketable types." Thus writes Mr. Wayne Dinsmore, Secretary of The Horse Association of America, in the Breeders Gazette.

In reviewing the supply of horses available in the United States, Mr. Dinsmore says "The most significant thing about the present situation is the fact that from one-half to one-third of the counties in the horse producing states have no surplus to sell, Iowa being the only exception."

This means that the two great horse importing centers, one represented by Pennsylvania and the other eastern and northern states, and the other by the states south of the Ohio—with the exception of Virginia and Kentucky—will experience great difficulty in supplying their need for horses.

How much of a handicap this shortage will be, may be realized from the general dependence which is placed upon the horse. A very interesting discussion of this appeared in the Market Growers Journal. The following is typical of the general sentiment expressed by farmers from many different parts of the country.

"In general farming, I'm pretty sure horse power is the cheapest," wrote one man from Ohio—"I have horses and expect to have more before spring," said an Illinois man. A Michigan farmer said, "I shall need a horse to cultivate corn, potatoes, cucumbers, string beans and asparagus; also to drag ground after the plow," "In my estimation, practical gardeners cannot do their work without the use of the horse at the present time," writes another man from Ohio.

That the Government is alive to the need of more and better horses in the country today, is demonstrated by the organization of the American Re-

mount Association which is engaged in providing thoroughbred stallions to encourage the breeding of better types of horses.

Last Spring this association had 300 stallions distributed throughout the United States. One of the Association's prize stallions, "Frizzle" by name, has an interesting history. He was brought into this country from France, by H. K. Knapp, steward of the Jockey Club, who paid \$15,000.00 for him. Frizzle's sire was sold to the Russian Government before the war for \$90,000.00. Frizzle was selected by the Remount Association as being the best breed and size to improve the general-purpose horse type in this country.

General Pershing, in an after dinner speech before the Horse Association of America last winter, said in part—"If we had had more horses in the World War, we might have done a lot better, because there were times when many of us would have given a kingdom for a horse."

"Within a few years, the horse must again come into his own. The economical use of horses in many practical ways on the farms and in the cities, should be given careful study as the results will undoubtedly be of very great encouragement to horse breeders."

The time, however, has already arrived when horse breeders have great encouragement—the shortage of horses, and the consequent increasing prices, being the very substantial reasons.

Horses will never be wholly displaced by mechanical power for many sorts of farm work—in fact, the demand for horses will steadily increase for many years to come, in the same proportion as the number of acres of cultivated land is increased.

These facts will make it apparent to you why you should take care of your horses and colts. Keep them fit, ready to do a full day's work and in top-notch condition for a sale. Horses today are too valuable to neglect!

FLEMING'S 1924 FARM AND LIVE STOCK ALMANAC

SPECIAL DISCOUNT OFFER

For every \$5.00 remittance we will send you \$6.00 worth of our remedies. For \$10.00 we will send \$12.00 worth, etc. However, we cannot allow a discount on orders for a single item listed at \$5.00 or more; but any \$12.00 order will receive the regular \$2.00 discount, \$18.00 order, \$3.00 discount, etc.

PRICE LIST

All prices include delivery charges except those on Hogsgrow, Stock Dip and Fly Repellent. These prices are F. O. B. Chicago and shipments are sent, charges collect, by freight or express. They cannot be mailed.

FLEMING'S ACTINOFORM -----\$2.50
for Lump Jaw in cattle

Antiseptic healing powder for galls, wounds, etc.

FLEMING'S CHEMICAL HORNSTOP ---.50
Stops horns on calves and kid goats

FLEMING'S FISTULA SYRINGE ----- .50
for use in applying Fleming's Fistoform.
EXTRA NOZZLES, each ----- .20
for Fleming's Fistula Syringe.

FLEMING'S VELVETY SKIN ----- .50
Keeps hands smooth

KEEP IN TOUCH WITH US

Write and tell us all you can about any sick animal that is not responding to treatment as it should. Our years of experience in handling animal ailments and their complications is yours for the asking. We are glad to give you any assistance we can in the treatment of obstinate cases without additional cost to you.

It is frequently possible for us to help you increase the effectiveness of a treatment and hasten the recovery—thus reducing the amount of the remedy required. We want you to get the most out of every bottle of

every remedy you buy from us, and we never advise the purchase of our remedies unless we know them to be the ones that are needed.

We stand solidly behind our guarantee of money back if the results from Fleming's Remedies do not satisfy you. Knowing our business policy, you can feel perfectly safe in taking advantage of our special prices on quantity orders to fill your future needs.

We especially urge you never to be without our Emergency Assortment, which we are certain has saved stockmen thousands of dollars.

FLEMING'S 1924 CALENDAR

We have marked every day in 1924 as a day when we want to help every progressive farmer and stock owner in this country to take the best care of his stock.

Today, as never before, the real prosperity of the country depends upon successful stock raising. And, today, it is more necessary than ever before to cut down the waste in this activity. The farmer can not afford to neglect his stock. Every animal has a high value and its loss will cut materially into his earnings.

Read this Almanac through carefully. It contains all those things that have made our Almanacs of other years the most popular that have ever been published. And in addition, it has many new features that have been taken from the actual experience of practical stockmen.

In presenting our 1924 Farm and Live Stock Almanac to our friends and customers, we wish them the success and prosperity of good work well done—the breeding, raising and caring for good livestock. There is no better or more worthy task in the world, and if properly performed it will always pay.

Call on us whenever we can help with this task and, if you haven't our free Vest-Pocket Veterinary Adviser write for one today. It will frequently help you just when you need help and it will save you time and effort. With the help of Fleming's Vest-Pocket Veterinary Adviser, Fleming's Free Veterinary Advice Department, and Fleming's Guaranteed Veterinary Remedies, there is no reason why 1924 cannot show the biggest profit you have ever had from your stock.

HOW TO USE THE BREEDING TABLE

Simply take the day of the month in which an animal is bred and follow the line to the right. The first column will give the date a mare may be expected to drop her foal, the sec-

ond is the date a cow will likely calve and so on.

The date will not always be exact. Individual animals differ somewhat, but the date will be found to be approximately correct.

KEEP UP THE VALUE OF YOUR STOCK

Whether a farmer expects to sell his horses or keep them for his own use, it is a source of great satisfaction to him to know that the value of his stock is not going down. A lame horse is neither a good worker nor a likely subject for a profitable sale. No owner can afford to let an animal remain lame.

FLEMING'S SPAVIN LIQUID

Fleming's Spavin Liquid will rid your horse of lameness resulting from bog spavin, thoroughpin, curb, splint, and other similar blemishes. It is also effective in treating very recent cases of bone spavin, ringbone, etc.

While we only guarantee your money back if the remedy fails to cure the lameness, it also often does wonders in absorbing many soft or semi-solid blemishes. It will not leave a scar.

FLEMING'S SPAVIN AND RINGBONE PASTE

There is a great deal of difference between the Spavin Liquid and Spavin and Ringbone Paste. The Paste is intended for the treatment of long-standing cases of bone spavin, sidebone, and ringbone which are causing marked lameness. This remedy will make your animal sound no matter how bad the case, or your money returned.

Consult our Veterinary Adviser or write to us if you are undecided how to treat your lame horse.

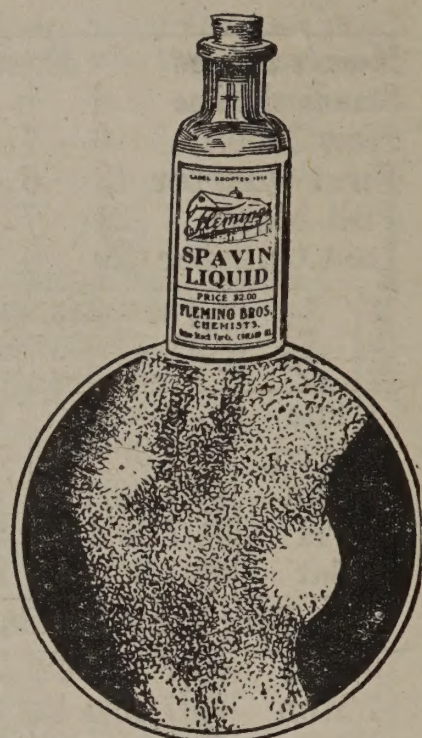

SATISFIED USERS

Fleming Bros:—The Spavin and Ringbone Paste I ordered some time ago sure did the work; have cured three horses. It's the best in the world.—Ray Johnson, R. No. 1 Box 29, Hickory Flat, Miss.

Fleming Bros:—I had a horse with a spavin and cured her with your Spavin and Ringbone Paste. I would not be without your medicine; it can't be beat.—Frank Scane, R. F. D., Ceott, Ark.

Fleming Bros:—I used your Spavin Liquid for thoroughpin and got good results. It did the work and didn't take much to do it.—Michael Airgood, Big Run, Pa.

Fleming Bros:—I have used two applications and it cured my horse in fine shape. Fleming's Spavin Liquid does the work. I praise it highly.—Albert Heard, Heidelberg, Miss.

Loss From Lump Jaw Is Needless

The progressive owner no longer shoots an animal when it becomes afflicted with Lump-Jaw. Instead he uses Fleming's Actinoform and for a small cost saves a large sum. One bottle is usually sufficient for an ordinary case; often it is enough for several.

Lump Jaw (Actinomycosis) is a germ disease which develops upon the jaws of cattle and it should be treated as promptly as possible. Frequently other lumps and growths on the jaws and heads of cattle are mistaken for the typical Lump Jaw and when in doubt refer to our Veterinary Adviser.

Actinoform is our oldest remedy and is marvelously effective. It is the only treatment for Lump Jaw which has ever been sold in sufficient quantities to make it a success for its producers, and this in a word tells the real value of Fleming's Actinoform. Remember our guarantee and if you have a case of Lump Jaw order now!

SATISFIED USERS

Fleming Bros.—I have cured three cows of lump jaw with one bottle of Actinoform.—F. L. Wingard, Independence, Kas.

Fleming Bros—I always recommend Actinoform, as we use it a great deal and wouldn't be without it.—J. E. Dodd, Klau, Calif.

ACTUAL PROFITS FROM GOOD BREEDING

A survey of 120 farms in Wisconsin showed that 70 had grade cows only. On these farms the income from each cow was \$95.00 a year. Forty of the 120 farms had both pure bred and grade

cows. Of these farms, the income per year per cow was \$124.00. Eight farms had pure bred only and here the income per cow was \$189.00. Good breeding pays!—Farm Journal, Feb., 1923.

Be Ready to Relieve Colic Instantly

When you hurry down to the barn and discover your fine mare or gelding in agony from colic, it is much better to be able to send to the house for that bottle of Fleming's Colic Mixture than to attempt makeshift methods of relief or try to get the "Vet" there in time.

In colic every minute counts, as many a farmer knows to his sorrow. But there need be no sorrow if you have Fleming's Colic Mixture on hand.

Spasmodic colic attacks without warning. The mouth is hot, but moist, and there is no fever. The attacks of pain come in the form of severe spasms. Flatulent colic develops more slowly and the pain is almost constant. In both types of the disease, the animal usually dies, unless promptly and properly treated. A teaspoonful of Fleming's Colic Mixture in about a pint of milk or water gives instant relief.

Insurance against colic losses costs but a dollar—why take a chance?

SATISFIED USERS

Fleming Bros:—Please send me one bottle Fleming's Colic Mixture. This is the fourth bottle I have used with success.—F. E. Warta, Carneiro, Kas.

Fleming Bros: — Please send me another bottle of Fleming's Colic Mixture. I have used two bottles and have not lost a case yet.—B. R. E. Cone, R. F. D. No. 1, Arkadelphia, Ark.

Fleming Bros: — Your Colic Mixture is successful. Have cured three horses and never had to give the second dose.—R. V. Taylor, Tharpe, Tenn.

Fleming Bros: — Please send me one bottle Fleming's Colic Mixture. I find it to be all you claim and recommend it to all of my friends—S. V. Powers, R. F. D. No. 2, Box 37, Hickory, Va.

COMMUNITY BREEDING

The plan of community cattle breeding was first put into effect in this country in the state of Michigan in 1908. Its popularity may be seen

by its growth. Five years later, in 1913, it was in practice in four states. It is now established in 36 states. Good breeding pays!

FISTULA AND POLL EVIL RESPOND TO TREATMENT WITH FISTOFORM

"I bought a good horse cheap because he had a fistula and in a few weeks cured him with Fistoform and am ahead over a hundred dollars". Such reports as this come in to us almost every day and show the perfect confidence that our customers have in Fleming's Fistoform.

Use Fistoform in the treatment of this so-called incurable disease when the symptoms first develop, employ good common sense, follow our directions carefully, and you will have success. We will gladly make special suggestions in stubborn cases, and just because an animal has had the ailment for a long time does not mean it can not be made perfectly sound again—although perseverance may be needed. If the remedy ever fails, your money is refunded.

The successful use of Fistoform for 27 years makes our faith in it so great that we feel if horse owners would take full advantage of our advice from time to time, they would have practically no loss from fistula and poll evil.

Give your horse a chance; he is valuable now!

SATISFIED USERS

Fleming Bros:—Your Fistoform can't be beat. I have cured three cases with it.—D. A. Newcomb, 10 Main St., Norwalk, Conn.

Fleming Bros:—I had wonderful results with your Fistoform. After several "Vets" had pronounced the case incurable, your Fistoform cured it.—Donald Simpson, R. F. D. No. 2, Dundee Ill.

Fleming Bros:—Please send me another bottle of Fistoform. Used one bottle before and never saw its equal.—H. Brandenburg, Herman, Mo.

Fleming Bros:—Your Fistoform is a wonderful remedy. One bottle cured a case of poll evil that was supposed to be incurable.—John A. Pop, Dupree, S. Dak.

Fleming Bros:—Send me another bottle of Fistoform, as I have found it a great success. Cured three cases with one bottle.—Jas Jennings, R. F. D. No. 2, Box 138 Richmond, Ky.

Look Out for Your Young Horses

One of the most common ways young horses are ruined is by sweeny, and there is really no need for this loss. If you will begin treatment with Fleming's Sweeny Blister at the outset, the condition can be remedied promptly.

The first symptom of sweeny is a feverish and swollen condition of the strained parts, usually the shoulder. Later on the muscles shrink and fatty degeneration of the tissues soon sets in. When this occurs, restoration of the muscles is impossible and the animal is ruined.

Fleming's Sweeny Blister stimu-

lates the natural tissue forming processes stops the wasting away of the muscles, and brings them back to normal. The success of the remedy is practically unvaried. Our refunds for failure are less than \$15.00 a year, and over 4000 bottles are purchased annually. There is nothing more sure! Read what our customers say!

The time spent in looking after young horses is one of the best investments you can make. It is poor economy to allow them to be ruined by sweeny. Use Fleming's Sweeny Blister and "look out for your young horses."

FLEMING'S SWEENY BLISTER

Fleming Bros:—Fleming's Sweeny Blister certainly did the work on two colts that I sweenied.—Fred Martin, Box 61, Rolla, N. Dak

Fleming Bros:—Your Sweeny Blister is O. K. as the horse we used it on is as good as ever.—Morin Bros., Silver Cliff, Colo.

Fleming Bros:—I used your Sweeny Blister on a mare that had the sweeny in both shoulders and cured her.—W. I. McFarland, R. F. D. No. 3, Greenville, Ill.

Fleming Bros:—I have doctored 30 cases of sweeny from one bottle and all have been cured. Wm. Wells, Gansdale, Texas.

Hogs—Their Care, Feeding and Breeding

FUNK HOG FARM HOGSGROW

\$7.50 per cwt. F. O. B. Chicago

A hog may "eat a lot," but this is not a sure sign that he's going to "grow a lot." What he digests really makes the pork. HOGSGROW is all pure medicine, and acting directly upon the digestive system enables the animal to get the most out of the feed.

To make "market toppers" out of your herd, put ten pounds of HOGSGROW in every hundred pounds of feed! You get back in hog weight a lot more than the tonic and conditioner costs.

Because of their inclination to eat much and exercise little hogs need digestive stimulation more than other animals. HOGSGROW is guaranteed to do this better than anything else!

FUNK HOG FARM WORM CAPSULES

\$4.00 a hundred—instruments 85c.

The only profitable hog to raise is one free from worms. If you don't take steps to worm your herd you may take a loss on hogs this year, instead of making a good profit.

FUNK'S HOG FARM WORM CAPSULES are the most reliable and economical worm expellers ever offered the farmer. One capsule is sufficient to do the work for small animals and three will get the worms in the big ones. A second treatment after ten days is added insurance.

The FUNK HOG WORM CAPSULES have proven their effectiveness under the most rigid tests, and they carry the regular FLEMING GUARANTEE. The longer you wait the more harm the worms do your hogs. Order Today.

SATISFIED USERS

Fleming Bros.:—Send me 100 Funk Hog Farm Capsules. I like them for my hogs.—Jesse A. Dixon, R. F. D. No. 5, Dixon, Ill.

Fleming Bros.:—I think your Hogsrow is the best I have ever tried.—F. C. Ewing, Malcolm, Iowa.

Fleming Bros.:—I think your Skour-Medicine is a wonderful cure for scours.—E. V. Bitner, Laura, Ill.

Fleming Bros.:—have used two boxes of Funk's Hog Farm Worm Capsules and think they are the best worm medicine I know.—William Billow, Morenci, Mich.

FUNK HOG FARM SKOUR-MEDICINE

\$6.75 per 10 lbs.—postpaid.

Use FUNK'S SKOUR-MEDICINE and put a STOP once and for all to the tremendous loss of young pigs through scouring. SKOUR-MEDICINE is especially prepared to kill the germ which causes the disease, and with its use scours disappear!

The remedy is easy to give, one full teaspoonful in the feed of the nursing sow—beginning three days after farrowing will prevent scouring in the young. If scours have developed in weaned pigs give them SKOUR-MEDICINE according to directions for their size.

SKOUR-MEDICINE is guaranteed to save your little pigs. Order today so as to have it ready when the next litter comes!

Fleming Bros.:—Have been a user of Funk's Worm Capsules for some time and can't speak too highly of them. Of anything I have ever used, Funk's takes the lead.—Fred W. Conrad, Rochelle, Ill.

Fleming Bros.:—The Capsules sure did the business. Have raised hogs for 25 years and this is the best and surest thing I have ever used.—W. L. Wolcott, Cheyenne, Wyo.

Hog Health

In times past hogs have been referred to as, "the mortgage lifters," and under modern methods they are even more entitled to the name. Hogs generally increase in numbers at the rate of five to ten times a year; half of this increase being salable during the same year.

To raise hogs successfully there are a few basic principles which must be followed. First, cleanliness; second, proper and sufficient feed; third, elimination of worms; fourth, prevention and proper care of diseases.

We have placed cleanliness first because if perfect sanitation and housing conditions are observed in hog raising there would be no need to have concern regarding the other factors, except the matter of feed.

Perfect sanitation is not always possible, but there are many things that may be done toward this end. Always supply clean water and feed; and insist on keeping the yards and houses bright, airy and clean. By doing just this you are bound to note a great difference in your hog profits.

The best feed is, of course, that which makes the most pork at the least expense, and naturally the ration must vary somewhat on different farms. Almost every grain is suitable, especially corn and peas; skim milk makes an excellent addition to any diet. Put your hogs on pasture if possible—alfalfa is the best, but almost any green stuff is excellent.

Worms and diseases may be considered together and they both demand prompt and proper medical treatment. Treat your pigs for worms as soon as they are weaned. The free use of FLEMING'S STOCK-DIP and DISINFECTANT in the hog houses, in dips and walls will prevent most of the common diseases. Write to us for advice or help regarding any complications which may arise.

COST OF MARKETING HOGS

According to figures obtained by the United States Department of Agriculture from about 250 live-stock shipping centers, about one-third of the cost of marketing hogs consists of charges at the

terminal — commissions, yardage and feed. 50% of this is commissions. 26% yardage and 24% feed. This study covers ten middle western states and includes something like 600,000 hogs.

Stop Lameness and Pain

You can get no other liniment just as good as FLEMING'S GENERAL LINIMENT, because there is nothing else like it. This is a strong statement, but it is backed by our iron bound guarantee.

FLEMING'S GENERAL LINIMENT will promptly and effectively relieve rheumatism, sore and lame muscles, garget, etc. GENERAL LINIMENT is also unexcelled for human use and you will be gratified to find how certainly it will throw off the effects of rheumatism, sprains, etc. Diluted with water, it makes a wonderful antiseptic for fresh wounds.

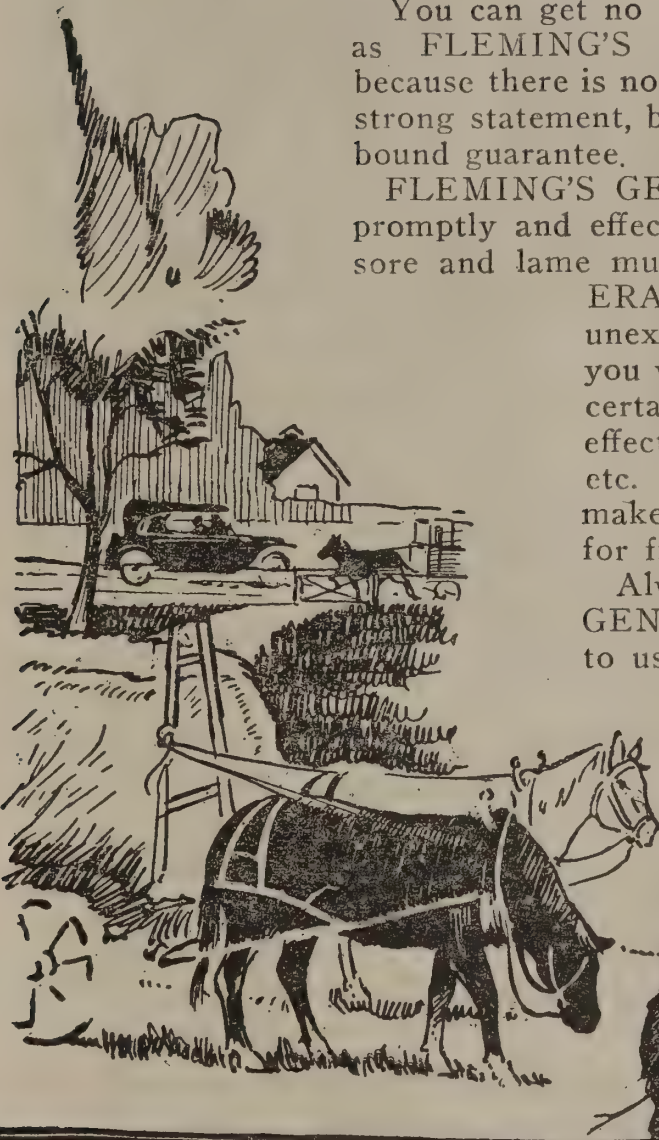

Always have FLEMING'S GENERAL LINIMENT ready to use!

SATISFIED USERS

Fleming Bros:—Send me one bottle Fleming's General Liniment. It's the best on earth.—Walter Weatherton, Bostwick, Fla.

Fleming Bros:—I sent for a bottle of General Liniment for a mare and it did all that I could expect and more.—C. C. Ledford, R. F. D. No. 3, Tullahoma, Tenn.

Blindness in Animals is Usually Unnecessary

SATISFIED USERS

Fleming Bros:—A bottle of your Veterinary Eye Lotion did my mule all the good in the world.—Glen Joyner, Gadsden, S. Car.

Fleming Bros:—Your Veterinary Eye Lotion is the best I have ever used.—Martin Orlosky, Kennard, Pa.

Fleming Bros:—I cured my mare in three days of a bad attack of moon blindness with Fleming's Veterinary Eye Lotion.—Levi Moore, Walton, W. Va.

Ordinary inflammation of the eyes is the most common cause of blindness in livestock. FLEMING'S VETERINARY EYE LOTION will quickly relieve the inflamed, sore and watery condition of the eyes of your animals. It is good sense to have this remedy ready to meet emergencies! Although moon-blindness is practically incurable FLEMING'S EYE LOTION will give great relief and is worth many times its cost in such cases.

Stockmen highly indorse FLEMING'S VETERINARY EYE LOTION. Read what many of them have to say. Our guarantee protects you, so why not be prepared?

SOIL CONDITIONS

Do you know that you can send a sample of your soil to the nearest Government Experiment Station for free analysis and thus find out what it needs to give you the best results? The location

of the station nearest to you may be obtained by writing to the Department of Agriculture at Washington, D. C.

Uncle Sam is always ready to help you in "feeding the country."

Prime Condition

Means More Work from Your Horses

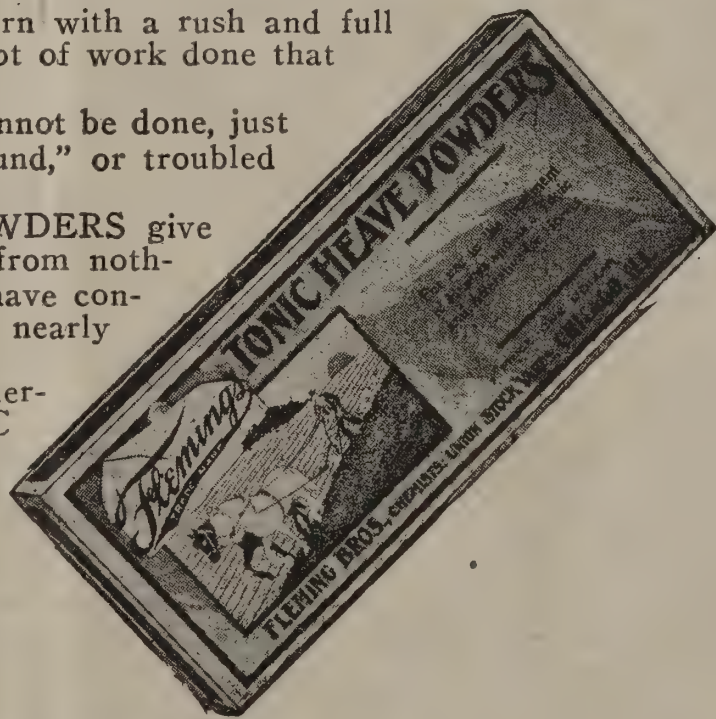

When your team goes out of the barn with a rush and full of life you know there is going to be a lot of work done that day.

But it is sad to think how often this cannot be done, just because an animal is "heavey," "hide-bound," or troubled with indigestion.

FLEMING'S TONIC HEAVE POWDERS give relief from heaves such as you can get from nothing else. If they didn't we could never have continued to sell to the same customers for nearly thirty years.

Not only have the results been wonderful in treating HEAVES, but TONIC HEAVE POWDERS "tone-up" a horse and keep him in tip-top condition all the time. You take a tonic yourself and work better for it—so will your horses.

Our remedy is not a temporary "cure all," but has honest, lasting powers.

SATISFIED USERS

Fleming Bros:—Fleming's Tonic Heave Powders sure put my horse in tip top shape. It's the best thing I ever used.—August Krueger, 824 Junior Ave., Ke-wanee, Ill.

Fleming Bros:—I used Fleming's Tonic Heave Powders on a foundered mare and they put her on her feet.—C. W. Craver, El-liott City, Ind.

Fleming Bros:—I used Fleming's Tonic Heave Powders on a run-down horse and they put him in fine shape in a short time.—Em-ery H. Farrell, R. F. D. No. 1, Canaan, Ind.

Fleming Bros:—Send me another box Fleming's Tonic Heave Powders. I know it to be the best medicine for heaves. It's worth its weight in gold.—M. Rivenbark, Bushnell, Fla.

PERIOD OF INCUBATION

The period of incubation of poultry, varies as shown in the following table:

	Days		Days
Hen -----	21	Peafowl -----	28
Pheasant -----	22-24	Guinea fowl --	26-28
Duck -----	28	Ostrich -----	42
Duck (Muscovy) 33-35		Goose -----	30
Turkey -----	28	Pigeon -----	17

The period of incubation varies so that a hatch may run one or two days over because of an accident during incubation or low temperature throughout that period, or it may come off earlier.

Keep Your Stock and Poultry Clean—it's good insurance!

Fleming's Poultry Lice Powder

Lice infested poultry is the worst liability you can have on your place. Hens that are constantly worried and drained of blood by parasites, never could and never will make money for you.

The very simplest and most inexpensive way to get rid of parasites on your poultry is to use FLEMING'S POULTRY LICE POWDER. It contains the ingredients that have proved most successful in ridding poultry of lice and mites.—Satisfaction guaranteed or your money will be returned.

During cold weather Poultry Lice Powder can be used freely without the danger of chilling the birds, as might be the case if a liquid preparation were used. It may also be used at such times to kill lice on horses, cattle and hogs.

2½ Lbs...75c—Postpaid 5 Lbs...\$1.20

Fleming's Stock Dip and Disinfectant

The sanitary farm is the healthy farm and the easiest, surest way to keep away disease is to have FLEMING'S STOCK DIP AND DISINFECTANT on hand at all times so that it may be used freely.

The only way in which clean, sanitary quarters may be maintained, and stock kept free from parasites is through the use of a disinfectant. FLEMING'S STOCK DIP AND DISINFECTANT is the highest quality obtainable and enables you to get at a lower cost a larger quantity of effective germ-killing fluid than from any other dip.

The uses of our dip are not limited to the barns and about live-stock. Being a germ and insect killer, deodorizer and cleanser, it has a multitude of uses about the home. Used about sinks, garbage pails, out-houses, in the cellar, etc., it will purify, stop the growth of germs, and destroy odors.

It will drive away and destroy ants, roaches, etc. To get rid of bedbugs paint the crevices about bedsteads, base boards and mouldings.

Order FLEMING'S STOCK DIP AND DISINFECTANT under our guarantee. Ask also for our free book "SANITATION."

Use Hornstop- Don't Dehorn

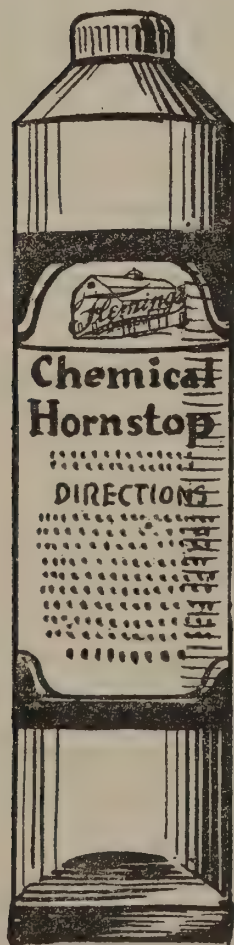

SATISFIED USERS

Fleming Bros:—I have used your Hornstop for a number of years and find it superior to anything I know. —Loren Nichols, Penn Yan, N. Y.

Fleming Bros:—I have used your Chemical Hornstop for two years with excellent results. —John T. Foster, Clearmont, Wyo.

Fleming Bros:—I have used Fleming's Chemical Hornstop for the last three years and will soon have a muley herd. —Howard Hyblin, Box 1119, Deer Lodge, Mont.

Fleming Bros:—I would not be without your Chemical Hornstop as it does just as you say. L. G. Fox, Newport, Nebr.

Live stock owners are realizing more and more the many advantages of hornless cattle. To have hornless cattle it is not necessary to CUT THE HORNS OFF!

FLEMING'S CHEMICAL HORN-STOP will absolutely prevent the calves and kid goats, and will give you growth of horns when used on young natural looking muleys. HORNSTOP is a paste which is easy and safe to apply; it will not run or spread over the surrounding flesh and therefore does not cause unnecessary soreness. All you have to do is to put it on! This surely beats the old painful and dangerous method.

A 50c tube contains enough HORN-STOP to treat about twenty animals. This means a "muley" for 2½c a head!

The easiest, surest, cheapest and safest way to get rid of horns is to use FLEMING'S CHEMICAL HORN-STOP—guaranteed to do the work.

MORNING AND EVENING STARS IN 1924

MORNING STARS		EVENING STARS	
Mercury	—Feb. 5th, June 3rd and Sept. 27th.	Mercury	—About April 16th, Aug. 15th and Dec. 9th
Venus	—July 1st to Dec. 31st.	Venus	—Jan. 1st to July 1st.
Jupiter	—Jan. 1st to June 5th, and Dec. 23rd to Dec. 31st.	Jupiter	—June 5th to Dec. 23rd.

Give Wounds Immediate Attention

With FLEMING'S VETERINARY HEALING OIL you can care for barbed-wire cuts, sores and other wounds with perfect confidence that the injury will get well.

Neglect of open cuts is very likely to lead to blood-poisoning, which may cost the life of the animal or permanently injure him. There will be no such loss if you use our Healing Oil at once. The preparation has a perfect combination of anti-

septic and soothing properties which give it its wonderful healing powers.

You want the best so order FLEMING'S VETERINARY HEALING OIL.

SATISFIED USERS

Fleming Bros:—I have used Fleming's Veterinary Healing Oil and it can't be beat.—Chas. Isaacson, R. F. D. No. 3 Murfreesboro, Tenn.

Fleming Bros:—I have found Fleming's Veterinary Healing Oil the best ever used for barbed wire cuts.—C. W. Schroeder, R No. 1, Box 36, Brenham, Texas.

Fleming Bros:—I can gladly say that the Wart Remover I got from you last year certainly did the job.—W. A. McCaskell, McComb, Miss.

Fleming Bros.—I used four jars of Fleming's Veterinary Wart Remover. Warts are all gone and show no signs of returning.—R. E. Grove, Allen, Ala.

UGLY WARTS REMOVED

With Veterinary Wart Remover

For a very small cost you can take off warts and other unsightly blemishes on your horses—why tolerate them?

FLEMING'S VETERINARY WART REMOVER is in paste form, making it easy and safe to use in treating all common warts. It is of course very caustic and must not be used for growths on

the eye-lids, tender skin of the nostrils and lips, udder or teats.

Make your horses look every bit as good as they are. FLEMING'S VETERINARY WART REMOVER is absolutely guaranteed to remove warts and to keep them off. Surely its worth a dollar or two to have your horses perfect.

Dec. 25—Christmas Day.

CHARTS WHICH HELP YOU LOCATE ANIMAL AILMENTS

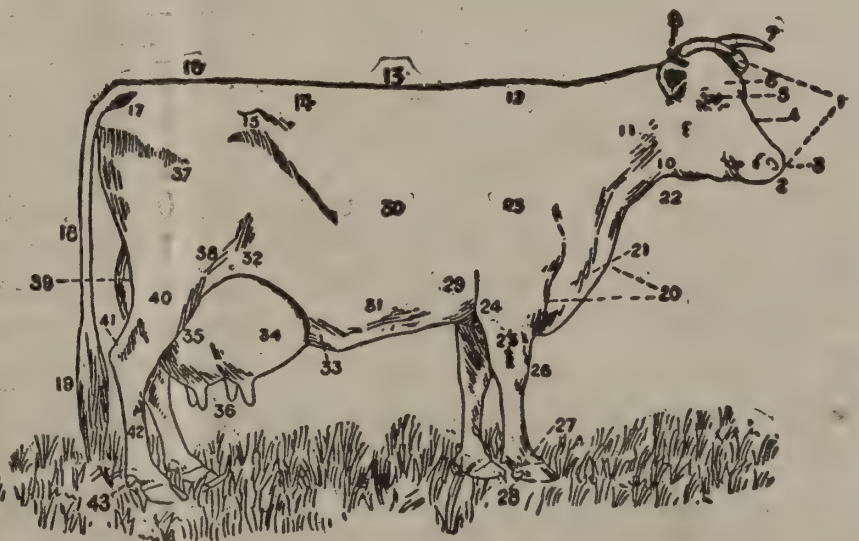

The purpose of this diagram is to show the approximate location of the ailments and blemishes named. To present in print the actual likeness of a blemish as it appears upon a horse is practically impossible and has not been attempted. On another page of this almanac brief mention is made of a number of the blemishes here indicated, and for more complete information we refer you to Fleming's Vest-Pocket Veterinary Adviser. We have remedies for treating all the ailments named on this diagram, and for others not mentioned here. If you will read this Almanac through you will obtain a very good idea as to what Fleming's Remedies are for and what they may reasonably be expected to do.

The purpose of the diagram is to show the various parts of a cow, with the correct name of each. Actinomocosis, usually known as "Lump Jaw," or "Lumpy Jaw," is one of the most severe ailments affecting cattle. It almost

surely yields to treatment with "Fleming's Actinoform," which has for over 30 years been known as "The Farmers' Reliable Lump Jaw Treatment."

The numbers with the following descriptive matter correspond with the numbers on the diagram: 1—Head. 2—Muzzle. 3—Nostril. 4—Face. 5—Eye. 6—Forehead. 7—Horn. 8—Ear. 9—Cheek. 10—Throat. 11—Neck. 12—Withers. 13—Back. 14—Loins. 15—Hip Bone. 16—Pelvic Arch. 17—Rump. 18—Tail. 19—Switch. 20—Chest. 21—Brisket. 22—Dewlap. 23—Shoulder. 24—Elbow. 25—Forearm. 26—Knee. 27—Ankle. 28—Hoof. 29—Heart Girth. 30—Side or Barrel. 31—Belly. 32—Flank. 33—Milk Vein. 34—Fore Udder. 35—Hind Udder. 36—Teats. 37—Upper Thigh. 38—Stifle. 39—Twist. 40—Leg or Gaskin. 41—Hock. 42—Shank. 43—Dew Claw.

The diagram and enumeration of points are taken from the Fifteenth Report of the Bureau of Animal Industry.

Large Aluminum Sales Tags

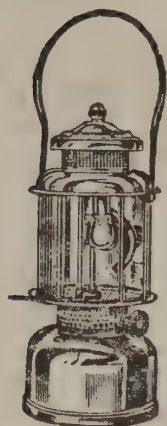

These tags are a necessity at a sale and are useful on many other occasions. The picture shows the actual size of tag and numbers. Numbers are on both sides—always right side up.

Furnished only in sets numbered consecutively.

MERCHANDISE DEPARTMENT

SUN GLO LANTERN

Makes work around the yard and barn much easier. Bright, penetrating light. Brass nickle plated—will not rust.

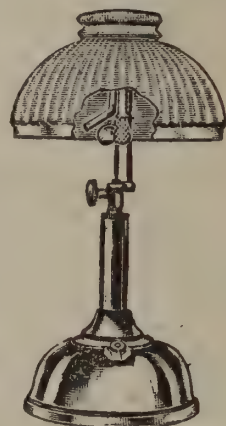

Won't explode if overturned; unbreakable globe. Not affected by wind or rain. Lights instantly.

Delivered to your home prepaid \$6.65.

SUN GLO LAMP

Well diffused, steady white light, greater than electricity and economical. Makes evening reading and sewing a delight. Attractive in appearance. No wicks, no daily cleaning; will not explode.

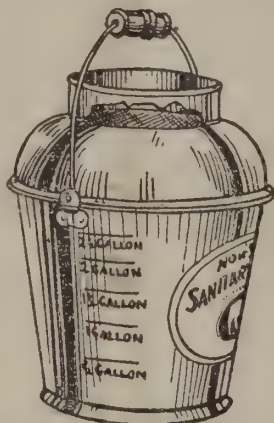

Delivered complete to your home with shade, mantles, pump, cleaning pick, wrench and extra generator for only \$8.50.

NON SPILL SANITARY DAIRY PAIL

This is a scientifically, strongly constructed type of milk pail. One of the best investments a dairyman can make, whether he has many cows or only one.

It is so designed that milk

cannot be spilled from it and flies or dirt cannot find an entrance to it.

By its use, the quality of the milk can be kept to a high standard of cleanliness.

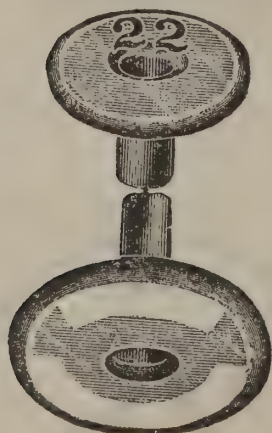

Price, postpaid \$2.25

THOMPSON'S VETERINARY BOOK

In our opinion the most complete and valuable book of its kind. Anyone wishing more detailed information than is given in Fleming's Vest-Pocket Veterinary Adviser, will find Thompson's Veterinary Book just suited to his needs; Price postpaid \$4

STALLION SERVICE ACCOUNT BOOK

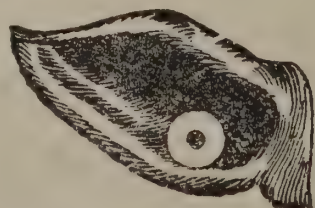

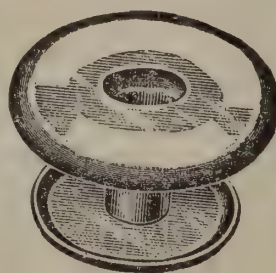

A trust-worthy record of service and a full description of all mares served. This book will save you the price of several valuable colts every year. Convenient pocket size makes record keeping easy. Price postpaid \$1.25

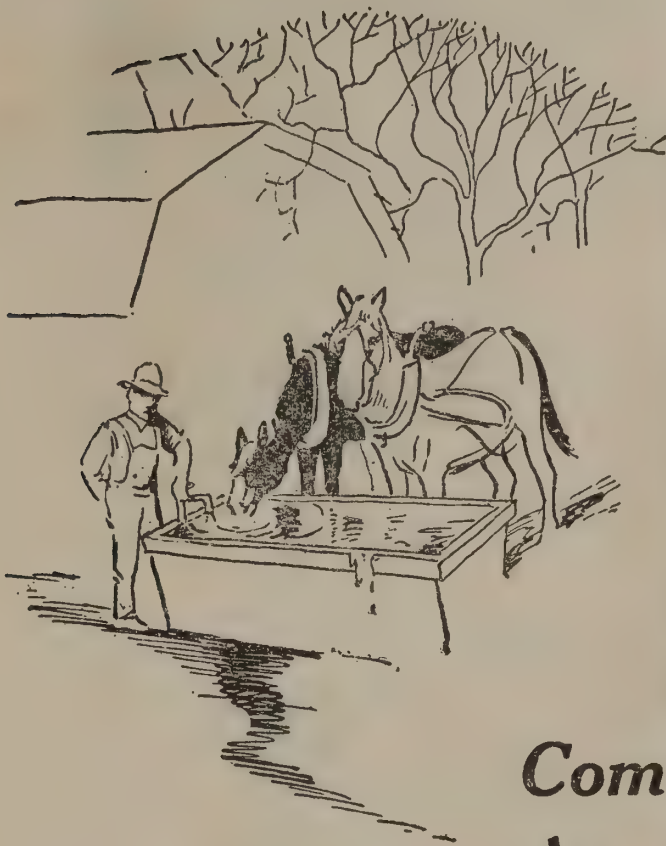

Identify Your Hogs, Sheep, Goats and Cattle with Ear Buttons of pure hardened aluminum, lightest on the market. Made in two parts fitting into each other, giving double strength. Name and address (18 letters) may be printed on top of button and number on bottom.

Price postpaid, 25—\$1.30, 50—\$1.95, 100—\$3.40. Blank Buttons \$3.40 per 100.

Combined Punch and Plier makes application easy. Semi-steel composition, sharp cutting tool-steel die \$1.40 postpaid.

Comfortable Animals Are Easy to Handle

When fly time comes around you are either going to "put up" with the discomfort and loss caused by these pests, or try to find something that will keep them away from your stock and barns.

Heretofore you have very likely found this a hard thing to do. Now, however, you can get FLEMING'S FLY REPELLENT which we absolutely warrant under our guarantee to relieve you of this plague.

In a Farmer's Bulletin issued by the Department of Agriculture it is reported that during bad fly seasons the loss in milk flow is from 40% to 60% of normal. You yourself know what flies do to your horses. How nervous and restless they become, making them unable to do a good day's work.

FLEMING'S FLY REPELLENT is manufactured of the best fly repelling oils and is almost medicinally pure. It is absolutely different from anything you have ever used before and will drive away insects better, and keep them away longer than anything else. The preparation is not "messy" and will not stain or injure, but on the contrary is soothing and pleasant to the animal and the person using it.

Your troubles with flies and other insects are over if you use FLEMING'S FLY REPELLENT this summer.

Inexpensive—Easy to use—Pleasant to use—Sure to give results.

1 gal. \$1.50 F. O. B. 10 gal. \$9.00
5 gal. \$5.00 Chicago Bbls. 80c per gal.

Not Mailable—Sent by express or freight —charges collect.

Contented Cows Give More Milk

Beauty and Comfort

Smooth white hands go a long way towards making a woman attractive. While housework and outside duties are hard on the hands, you can improve them wonderfully with FLEMING'S VELVETY SKIN. It is easy to use and has a healing, softening and pleasing effect on the skin.

A few minutes each day spent in the care of the hands will give a woman that well groomed appearance that can never be achieved with smart clothes alone. A paste of pumice stone and water used with an orange stick will readily remove stains from underneath the finger nails. Use the orange stick to keep the cuticle pushed back in place. Apply VELVETY SKIN once or twice a day and rough, reddened, unattractive hands will be restored to their natural beauty.

FLEMING'S VELVETY SKIN is used by many men and helps to make chores and out door work much easier. Gloves have to come off frequently resulting in chapped and sore hands. It surely is harder to work when your hands hurt, but if VELVETY SKIN is used night and morning we will guarantee that you will get more comfort than you thought possible.

FLEMING'S VELVETY SKIN is not expensive—a 50c bottle contains six ounces and this will last a long time. There is no surer, easier way to have good looking, comfortable hands.

SATISFIED CUSTOMERS

Fleming Bros:—We like your Velvety Skin and find it is just what you say.—Bethel Simmons, Palmersville, Tenn.

Fleming Bros:—I think your Velvety Skin is great stuff for the hands.—Miss Ola Hoyt, Hastings, N. Y.

Fleming Bros.—I have used almost one bottle of Fleming's Velvety Skin and I find I can't do without it. It's just what you say about it all right.—O. H. Jones, R. F. D. No. 4, Flemingsburg, Ky.

ORDER BLANK

All prices include delivery charges except those on Hogsgrow, Stock Dip and Fly Repellent. These prices are F.O.B. Chicago and shipments are sent, charges collect, by freight or express. They cannot be mailed.

Fleming's Fly Repellent

Will keep the cows quiet at milking time and will make it possible for your horses to work in comfort, protected from the attack of flies and other insects. It has lasting power.

Fleming's Fly Repellent is entirely different from any you have had before. It is not sticky, black and bad smelling, but clear as honey with a pleasant odor. Everything it contains is recognized by the Department of Agriculture as an active fly repellent.

Send us your order today and convince yourself that there is at last a real "Fly Chaser!" It means comfort for your livestock this summer. **NOT MAILABLE.**

FLEMING'S STOCK DIP AND DISINFECTANT

For Dipping all live stock with mange, scab, fleas, lice, ticks, etc., and as a General Disinfectant for drains, sick rooms, garbage cans, and in stables, pens, coops, etc. after infectious stock diseases.

An effective Dip and Disinfectant is more valuable to the farmer in the care of his live stock and premises than any other one thing. We offer you the best at the lowest price. **NOT MAILABLE.**

FLEMING'S POULTRY LICE POWDER

There is nothing better to kill the lice and mites on your poultry. It contains the best ingredients and is very carefully compounded. Effective on all live stock, although primarily intended for poultry.

Your hens will lay better, your "frys" will grow larger and more quickly, and you will be able to reduce the loss of baby chicks, if you free them from Lice and Mites. Order Fleming's Lice Powder Today.

"26 Years at the Stock Yards"

PREPAREDNESS!

Fine in theory—but do you practice it?

Each succeeding year a greater number of our customers buy FLEMING'S EMERGENCY ASSORTMENT, but there are still thousands who would profit by having it ready to use.

The Emergency Assortment consists of those remedies which are needed for quick action. When a horse is taken with the colic there is no time for delay. Cuts, sores, burns, etc., do not become infected if treated properly and promptly. Serious results from sprains, inflammation, etc., can be prevented.

Be prepared! FLEMING'S EMERGENCY ASSORTMENT will fill the bill. Order today!

**FLEMING'S
EMERGENCY ASSORTMENT
